

WORLD LEADING MANUFACTURER OF
Plastic & 316 Stainless Bearings

January 1, 2022

KMS Bearings, Inc.
1590 Lakeview Loop
Anaheim, CA 92807

To whom it may concern,

This letter certifies that to the best of our knowledge, all materials used for KMS standard plastic and 316 stainless ball bearings comply with the European RoHS directive and contain none of the substances listed by the directive as intentional ingredients.

If further certificates are needed, please contact KMS Bearings, Inc.

Sincerely,

A handwritten signature in black ink, appearing to read "Susan Dominguez". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Susan Dominguez
Quality Assurance Manager
